SUBJECT INDEX

Absorptive-separator
lead/acid cells, comparison of flooded, gelled and, 127
Air-pollution control
in Taiwan, 247
Anodic corrosion
of Pb and O evolution at $Pb/PbO_2/H_2O/O_2/H_2SO_4$ electrode system, effect of Sb on, 331
Antimony
effect of, on anodic corrosion of Pb and O evolution at $Pb/PbO_2/H_2O/O_2/H_2SO_4$ electrode system, 331
Australia
lead/acid battery industry in, 15
Automotive electrical systems
problems with lead/acid batteries in, 157
Automotive lead/acid battery
envelope-separator technology for, 113
service-life; measurement and surveys, 175

Battery grid production
Ca products for; supplier's perspective, 73
Battery load-levelling
activities in F.R.G. and Republic of S. Africa, 201
Battery requirements
for uninterruptible power-supply applications, 211
Bromine
Zn/Br cells having propionitrile electrolyte, performance of, 365

Cadmium
behaviour of polyvinyl alcohol at planar $Cd/Cd(OH)_2$ electrode interface, 341
Calcium
products for battery grid production; supplier's perspective, 73
Carbonate system
molten $Li_2CO_3/Na_2CO_3/K_2CO_3$, dissolution behaviour of Cu and Ni oxides in, 357
Copper
dissolution behaviour of Cu and Ni oxides in molten $Li_2CO_3/Na_2CO_3/K_2CO_3$, 357

Discharge characteristics
of CMD, EMD, rho and synthetic birnessite in concentrated alkaline electrolyte, 309
voltage, of Mn dioxides, 295
Dissolution behaviour
of Cu and Ni oxides in molten $Li_2CO_3/Na_2CO_3/K_2CO_3$, 357

Electrical systems
problems with lead/acid batteries in automotive, 157
Electrification needs
rural, in India, market potential for lead/acid batteries, 221
Electrode
for alkaline Zn cells, new type of auxiliary, 351
Electrode interface
$Cd/Cd(OH)_2$, behaviour of polyvinyl alcohol at planar, 341
Electrode system
$Pb/PbO_2/H_2O/O_2/H_2SO_4$, effect of Sb on anodic corrosion of Pb and O evolution at, 331
Electrolyte
concentrated alkaline, discharge characteristics of CMD, EMD, rho and synthetic birnessite in, 309
propionitrile, performance of Zn/Br cells having, 365
Envelope-separator technology
for lead/acid automotive batteries, 113

Federal Republic of Germany
battery load-levelling; activities in, and Republic of S. Africa, 201

Glass fibre tube
for lead/acid batteries, 93
Grids
for lead/acid batteries, solidification and mould-flow analysis of casting of, 79

© Elsevier Sequoia/Printed in The Netherlands

India
lead/acid battery industry in; major applications, 25
rural electrification needs in, market potential for lead/acid batteries for, 221

Japan
lead/acid battery industry, 33

Lead
effect of Sb on anodic corrosion of, and O evolution at $Pb/PbO_2/H_2O/O_2/H_2SO_4$ electrode system, 331
reclaim and waste treatment of, from lead/acid battery plants, 249
Lead/acid automotive battery
envelope-separator technology for, 113
service-life; measurement and surveys, 175
Lead/acid batteries
in automotive electrical systems, problems with, 157
casting of grids for, solidification and mould-flow analysis of, 79
for domestic remote-area power supplies, development of, 233
glass fibre tube for, 93
organic expander in modern, role of, 119
oxide production for, innovations and developments in, 87
maintenance-free industrial, 135
for rural electrification needs in India, market potential for, 221
sealed maintenance-free; properties and application of new battery generation, 143
separator technology for, update of, 109
temperature controlled formation of, 103
Lead/acid battery industry
in Australia, 15
in India; major applications, 25
in Japan, 33
in Malaysia, 47
in Singapore, 53
in Thailand, 57
Lead/acid battery plants
reclaim and waste treatment of Pb from, 249
Lead/acid battery project
ten-megawatt load-levelling, 183
Lead/acid battery system
discussions on, 257
Lead/acid battery testing
new technology for, 99
Lead/acid cells
comparison of flooded, gelled and absorptive-separator, 127
Lead production
secondary, in Malaysia, 67
Lithium
molten $Li_2CO_3/Na_2CO_3/K_2CO_3$, dissolution behaviour of Cu and Ni oxides in, 357
Load-levelling
battery; activities in F.R.G. and Republic of S. Africa, 201
lead/acid battery project, ten-megawatt, 183
test facility, customer-side-of-the-meter, 193

Maintenance-free
industrial lead/acid batteries, 135
sealed, lead/acid batteries; properties and application of new battery generation, 143
Malaysia
lead/acid battery industry in, 47
secondary lead production in, 67
Manganese dioxide polymorphs
CMD, EMD, rho and synthetic birnessite, discharge characteristics of, in concentrated alkaline electrolyte, 309
Manganese dioxides
voltage discharge characteristics of, 295
Mould-flow analysis
solidification and, of casting of grids for lead/acid batteries, 79

Nickel
dissolution behaviour of Cu and Ni oxides in molten $Li_2CO_3/Na_2CO_3/K_2CO_3$, 357

Organic expander
in modern lead/acid batteries, role of, 119
Oxide production
for lead/acid batteries, innovations and developments in, 87

Oxygen evolution
effect of Sb on anodic corrosion of Pb and, at $Pb/PbO_2/H_2O/O_2/H_2SO_4$ electrode system, 331

Polyvinyl alcohol
behaviour of, at planar $Cd/Cd(OH)_2$ electrode interface, 341
Potassium
molten $Li_2CO_3/Na_2CO_3/K_2CO_3$, dissolution behaviour of Cu and Ni oxides in, 357
Power supplies
domestic remote-area, development of lead/acid batteries for, 233
Power-supply applications
battery requirements for uninterruptible, 211
Project Solarland, 229
Propionitrile electrolyte
performance of Zn/Br cells having, 365

Reclaim
and waste treatment of Pb from lead/acid battery plants, 249
Remote-area power supplies
development of lead/acid batteries for domestic, 233
Republic of South Africa
battery load-levelling; activities in F.R.G. and, 201
Rural electrification
needs in India, market potantial for lead/acid batteries for, 221

Separator technology
envelope-, for lead/acid automotive batteries, 113
for lead/acid batteries, update of, 109
Service-life
automotive lead/acid battery; measurement and surveys, 175
Singapore
lead/acid battery industry in, 47
Sodium
molten $Li_2CO_3/Na_2CO_3/K_2CO_3$, dissolution behaviour of Cu and Ni oxides in, 357
Solidification
and mould-flow analysis of casting of grids for lead/acid batteries, 79

Taiwan
air-pollution control in, 247
Temperature controlled formation
of lead/acid batteries, 103
Test facility
load-levelling, customer-side-of-the-meter, 193
Thailand
lead/acid battery industry in, 57

Voltage discharge characteristics
of Mn dioxides, 295

Waste treatment
of Pb from lead/acid battery plants, reclaim and, 249

Zinc
/Br cells having propionitrile electrolyte, performance of, 365
Zinc cells
new type of auxiliary electrode for alkaline, 351
